

IP5 Global Dossier Task Force Meeting **~XML Filing and Exchange~**

The 4th IP5 Global Dossier Task Force Meeting
EPO Munich, Isar Building, Room 128
18 January 2017

COMMENTS and REQUESTS

1. **Welcome EPO's XML filing.**
2. **Ultimately, users want to be assured that applicant **not lose filing date**, and retain **accuracy of content**.**
3. **Users want to know :**
 - a) **detailed process** of submission of OOXML documents; and
 - b) what **"validation engine"** is.
3. **Users want to make sure submitted documents to be the same as filed. They want to check documents converted by "validation engine" **before filing**.**
4. **How to resolve **conversion errors** due to various factors, including versions of MS Office, versions of OS, language setting of OS, machine dependent characters, and formats of image for drawings.**

Thank you for your attention.
