

2nd GDTF Meeting Conclusion

Industry IP5

Jan 22, 2015

Part I – Candidate Priorities

- Cross-filing being our ultimate goal
- Five Short Term Priorities (Short List)
 1. Provide **LEGAL STATUS** information, including up to date and real time access to the legal status of applications and patents in the Global Dossier
 2. Provide real time **ALERT** service when important events occur, e.g. changes are made in an application or patent file
 3. Provide applicants with **XML** of all of the documents related to patent application
 4. Implement “change of applicant address” as a **PROOF OF CONCEPT** of concept trial, and begin planning for other similar exchanges of documents
 5. Standardize **APPLICANT NAME**

Part I – Candidate Priorities

3. Other items for future consideration (Long List)

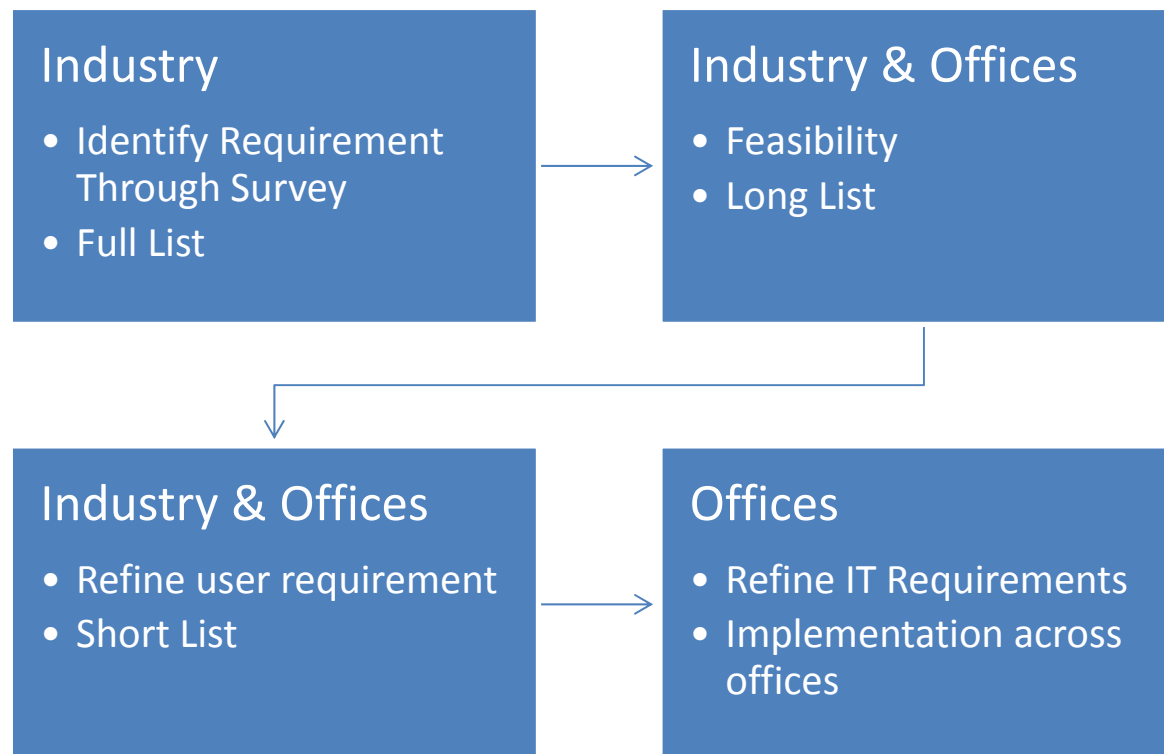

- Machine Translation
- Bibliographic Data
- One Page Dossier
- Common App. Form
- Inventor Signature
- Flow Charts
- Unpublished (Priority) Document Exchange
- Text Based Dossier
- National Phase data feed to WIPO
- Crossfiling of National Phase

Full List

Part II - Process

All agreed: Industry IP5 hope to be continually involved into the process of developing Global Dossier

Part III – Next Steps

- Exchange of information among IP5 industry members.
