# Global Dossier - Alerting

## Enhanced scope of Alerting

Paul Schwander

Director - Information Management

31 May- 02 June 2016

# Background

January 2015 –

GDTF agrees that alerting is one of the **5 priorities**

May 2015 –

IP5 Heads define **GD vision**, Alerting is included:

*“Provide timely updates to users on status or file wrapper changes to all IP5 family members of an application being watched”*

## Results – Office capabilities

|       | <b>User Groups</b>  | <b>Coverage</b>  | <b>Deadline warnings</b> | <b>Channel</b>                |
|-------|---|--|--------------------------|-------------------------------|
| EPO   | Public<br>Appl./Rep.  | Legal events<br>File wrapper changes                               | no                       | email,<br>RSS                 |
| JPO   | JPO provides primary information to commercial vendors who themselves provide alerting services |  |                          |                               |
| KIPO  | Appl. /Rep.   | Legal events<br>File wrapper changes                               | yes                      | SMS,<br>email, web<br>service |
| SIPO  | Public<br>(registered)  | Legal events (planned)<br>Fee related events<br>some formal events | no                       | email                         |
| USPTO | Public<br>Appl./Rep   | Office communications<br>Potential support of cross filing         | no                       | email                         |

## Proposed Next Steps

- Each IP5 Office develops a publicly available “RSS feed” for File Wrapper
- RSS feed enables “Alerting” function to be implemented by each IP5 Office
- EPO proposal to implement RSS feed early 2017 for those offices that are ready
- EPO to deliver email “Alert” for EPO and other available IP5 File Wrappers
- “RSS feeds” are ubiquitous: they can be used for e-mail alerts and can also be used by Patent Management Systems
- In a later phase: extend alerting to more events than the ones reflected in the file wrapper data changes.

## Next Steps

- IP5 Deputy Heads to endorse Alerting proposal
- IP5 Heads to endorse proposed approach and resources required for public file wrapper alerting proposal
- First implementation to be launched at IP5 Heads meeting May 2017
